REVERENCE TO THE OUTDOORS

**PERFECTIONISM** 

LEADERSHIP

# **BRAND HISTORY**

1888

### A FAMILY BUSINESS

Seraphin Bollé created the brand Bollé; known at this time as one of the first company to use newly developed celluloid, which becomes the basis for Bollé products during those early decades. 1950

### SAFETY GLASSES AND GOGGLES

Safety glasses and goggles were added to the Bollé Line and strengthened our position of pioneer and most performing brand in the industry. 1960

### **SKI GOGGLES**

Ski goggles were first marketed by Bollé. 2007

### **SKI HELMETS**

Launch of the first line of ski helmets. A front-line player in the winter sports landscape. 2018

# PHANTOM +

Launch of the best sport lens ever.

2021

A revolutionary high-contrast and polarized lens

ECO REACT

First eco designed helmet

1936

### SUNGLASSES

The brand launches its first sunglasses and becomes quickly the pioneer of molded Nylon.

1956

### **CAT-EYES**

Georges Bollé created the famous nylon 'cat-eyes' sunglass.

1986

# **CHRONOSHIELD**Launch of the iconic cycling model.

2015

# CYCLING HELMETS

Launch of the cycling helmets line.

2020

CHRONOSHIELD 2.0

2022

REACT FOR GOOD

Launch of a full commuter range eco-designed.

# LENS SEGMENTATION

### **HIGHEST PERFORMANCE LENS ON THE MARKET**

PHOTOCHROMIC / OPTICAL CLARITY / PLATINUM ANTI-FOG

POLARIZED OPTION WITH PHANTOM+

### **REVOLUTIONARY COLOR ENHANCEMENT** LENS

HIGH CONTRAST / POLARIZED

### **STANDARD LIGHT FILTER**

POLYCARBONATE / POLARIZED OPTION

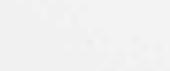

PHANTOM

STANDARD LIGHT

FILTER

A true reference in the world of eye protection, Bollé Safety offers protective glasses trusted by professional workers in demanding industries like automotive, construction, mining, or pharmaceutical. Platinum represents the highest level of expertise in anti-fog and anti-scratch protection.

With **Phantom and Phantom+**, Bollé brings this expertise to everyone. A perfect protection with a more performing anti-fog and an anti-scratch that last 40% more than the standard.

### LIGHTWEIGHT

Phantom is made out of a material 14% lighter than polycarbonate. This allows for larger designs with fuller coverage, ultimate protection and utmost comfort.

# AVAILABLE IN PRESCRIPTION

Because everyone's vision is unique, our Phantom lenses are available with our B-Thin Technology, suitable for 99% of prescriptions.

### HIGH IMPACT RESISTANCE

Phantom lenses not only protect you 100% from harmful UV rays, but are also built for maximum impact resistance. The material they are made out of is one of the strongest on the market. Originally adapted from military use - jet canopies and helicopter windshields - lenses are subjected to rigorous high-velocity impact tests.

# PHOTOCHROMIC PERFORMANCE

Phantom lens technology adapts to any light condition, ensuring precise visual acuity whatever the weather. The lens tint changes with the light from cat.1 to cat.3. Enhanced vision whatever the conditions.

### OPTICAL CLARITY

Phantom lenses raise the optical clarity to a new level. They're also extremly lightweight, with a very high impact and chemical resistance, and of course 100% UV protection. Ideal for a sport use, Phantom lenses will offer maximum protection & comfort of vision for your eyes.

### HIGH CONTRAST

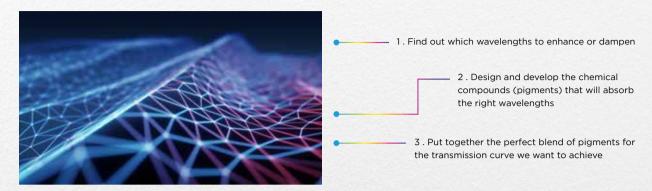

Bollé has advanced the performance of Phantom lens technology by adding a high contrast filter on its lenses. Available on all Phantom lenses, the high contrast filter boosts colors and significantly enhance your vision. Whether you are on the road or on trails, high contrast lenses will help you perceive the obstacles.

# THE POWER OF COLOUR

# FRAME **TECHNOLOGY**

Wearing Bollé's ultimate lenses is key to enhancing your vision of the world, yet it is not enough. At Bollé we give extra attention to details and technology while creating our frames, in order to ensure you get the most comfortable and reliable eyewear for your active life.

(ADJUSTABILITY + FIT + GRIP)

LIGHTWEIGHT

**PERFECT** COMFORT

For a pro cyclist, having the strap of your helmet going over the temple of your sunglasses is a real fashion faux-pas. That is why we created that distinctive curved design on our sunglasses temples to make sure that mistake never happens. In addition, it loosens the strain in the temple making it more flexible at the rear and providing better comfort and stability while keeping it steady on your face.

### REMOVABLE SIDE-SHIELDS

For high-altitude adventures, our mountain frames come with side-shields for the ultimate solar

### ADJUSTABLE NOSEPIECE

The shape and angle of the multi-plane nosepiece can be adjusted Bollé\* helps you stay on top of your game with this to accommodate any nose bridge for a truly custom fit. NOSE PADS: The hypoallergenic and durable nose pads can be tailored match the lens to the condition, this system ensures optimum for a custom fit, giving you additional control and comfort.

### INTERCHANGEABLE LENSES

interchangeable lens system. By giving you the flexibility to performance for any condition.

# **RX LENS TECHNOLOGY**

### IN 99% OF **PRESCRIPTION**

-4.00) combined power

### XXL FIELD OF VIEW

Laser cut inserts (no optical clip) for optimal lightness

# PRESCRIPTION PROGRAMME

A FAST & INTUITIVE WEBSHOP

### WHAT IS B-THIN ACTIVE **DESIGN TECHNOLOGY ABOUT?**

Software using the most advanced calculations is used to create customized lenses and the ultimate in lightweight products. Every prescription is reassessed to compensate for optical distortions related to the frame wrap angle. When the prescription reaches the limits of the conventional digital surfacing method, our patented algorithm calculates the best lens geometry regarding the optical area, the transition zone and reduces the edge thickness (US patent number 8,002,404). Every product is customized to the prescription, frame and wearer's facial metrics, ensuring optimum precision, comfort and frame balance for sports sunglasses.

### **NEW WEBSHOP COMING**

During Fall 2021, a new version of the RX Webshop (link to be found on : https://www.bolle.com/gb/prescription-program.html) will be available to the opticians, to make the RX ordering process even easier.

New webshop, more informative, easier to use: you can enter the prescription details of the frame wearer and the webshop will automatically filter for you the available frame & lens combinations corresponding to his (her) prescription.

A lens thickness calculator also helps you to anticipate the best solution for each wearer.

# FRAME SEGMENTATION

DESIGNED FOR EVERYDAY'S COMPETITORS

# **ULTIMATE RANGE**

**Iconic** product for competitors wanting the absolute best.

# **EVOLUTION RANGE**

BOLLÉ / SUMMER

# PERFORMANCE SUNGLASSES

Created in 2017, the B&B Hotels p/b KTM is based in Brittany, France. A region where for over a century, the heart of cycling beats strong. For training and competitions, the team is wearing the best products from Bollé's Performance range including Lightshifter and Chronoshield with our exceptionnal Phantom lenses.

«This partnership between Bollé and the B&B Hotels p/b KTM team is a great source of pride. Being part of such an iconic brand with its roots in cycling brings a lot of excitement to the team. We are all aware of Bollé's heritage and the riders know they can put their trust in its products.»

Jérôme Pineau, Team General Manager, B&B Hotels p/b KTM

The temples & nosepad can be adjusted, which offers a truly tailored fit and the ultimate solution in comfort.

& NOSEPAD

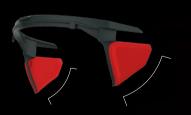

### BROW BAR

One of the most iconic shapes in Bollé's history, Chronoshield was first launched back in 1986. This revised edition makes no compromise between vision & comfort, featuring Phantom lenses

and our ultimate frame technology.

Go back to the future wearing our rejuvenated

Removable brow bar with face foam absorber system.

WIDE FIELD OF VISION

With the largest lens dimensions in our range,

Chronoshield offers an extra wide field of vision, ideal for visual comfort and protection against the elements.

### SIDE SHIELDS

Moutain specific, the Chronoshield MT comes with sideshields, the guarantee of a full protection in very bright environments. To top it all off, it is equipped with our photochromic lens Phantom Black Gun (VLT 18-5%), specifically designed for alpinism.
