We Love Nature

Blue Bear Initiative

Nature is our playground, so its preservation, careful handling of the environment and animal welfare are very important to us. This is what our sustainability label – the Blue Bear – stands for. An example of this are our products made from 100 % pure, certified, ecological Merino virgin wool (no mulesing).

You can find an overview of our Blue Bear range 2023/24 at the end of the catalog.

Die Natur ist unser Playground, ihr Erhalt, ein sorgsamer Umgang mit der Umwelt und das Tierwohl liegen uns daher sehr am Herzen. Dafür steht unser Nachhaltigkeitslabel – der Blue Bear. Ein Beispiel dafür sind unsere Produkte aus 100 % reiner, zertifizierter, ökologischer Merino-Schurwolle (kein Mulesing).

Eine Übersicht zur Blue Bear Range 2023/24 findet ihr am Ende des Katalogs.

WE LOVE KNITTING

Est. 1956, Austria

The basic principles of all our strategic actions are a clear commitment to social and ecological responsibility as well as to the main production location in Feldkirchen at the Danube, Upper Austria. All products that are 100 % developed, produced and finished by us are marked in this catalog with "Made in Austria".

Als Grundprinzipien all unseres strategischen Handelns gelten ein klares Bekenntnis zu sozialer und ökologischer Verantwortung sowie zum Hauptproduktionsstandort in Feldkirchen an der Donau, Oberösterreich. In diesem Katalog sind alle Produkte, die zu 100 % bei uns entwickelt, produziert und endgefertigt werden, mit „Made in Austria“ gekennzeichnet.

Material News

Sustainability begins with the raw material and processing. Find out more about our innovations and technological developments:

- Seite 10: Zusammenfassung unserer nachhaltigen Materialien
- Seite 12: Natural Dye – eine echte 100 % natürliche Färbetechnik

AUSTRIAN BRAND ROOTED IN SPORTS

With the globally unique product innovation STRIVE, we prove our competence and market relevance: Eisbär stands for love of nature, fun of movement and passion for knitting technology. We're continuing down our chosen path and therefore still focus on sustainability as well as function & style with our new collection for 2023/24.

Mit der weltweit einzigartigen Produktinnovation STRIVE belegen wir unsere Kompetenz und Marktrelevanz: Eisbär steht für Liebe zur Natur, Spaß an Bewegung und Leidenschaft für Stricktechnologie. Der Weg wird kontinuierlich fortgesetzt und so liegt der Fokus auch bei unserer neuen Kollektion für 2023/24 auf Nachhaltigkeit, Funktion & Style.

WE LOVE SPORT

Outdoor Activities -
365 days a year

Sport has always been part of our DNA. Coming from winter and ski sports, we have established ourselves as the perfect companion for athletes and outdoor enthusiasts all year round. The love of exercise in the great outdoors connects us. The combination of functionality and style is the distinguishing feature of the new ACTIVE KNIT product family (from page 42).

Sport ist seit jeher in unserer DNA verankert. Vom Winter- und Skisport kommend, haben wir uns als perfekter Begleiter für Sportler und Outdoor-Enthusiasten das ganze Jahr hindurch etabliert. Die Liebe zur Bewegung in der freien Natur verbindet uns. Die Kombination von Funktionalität und Style ist unser Anspruch und das Erkennungsmerkmal der neuen ACTIVE KNIT-Produktfamilie (ab Seite 42).

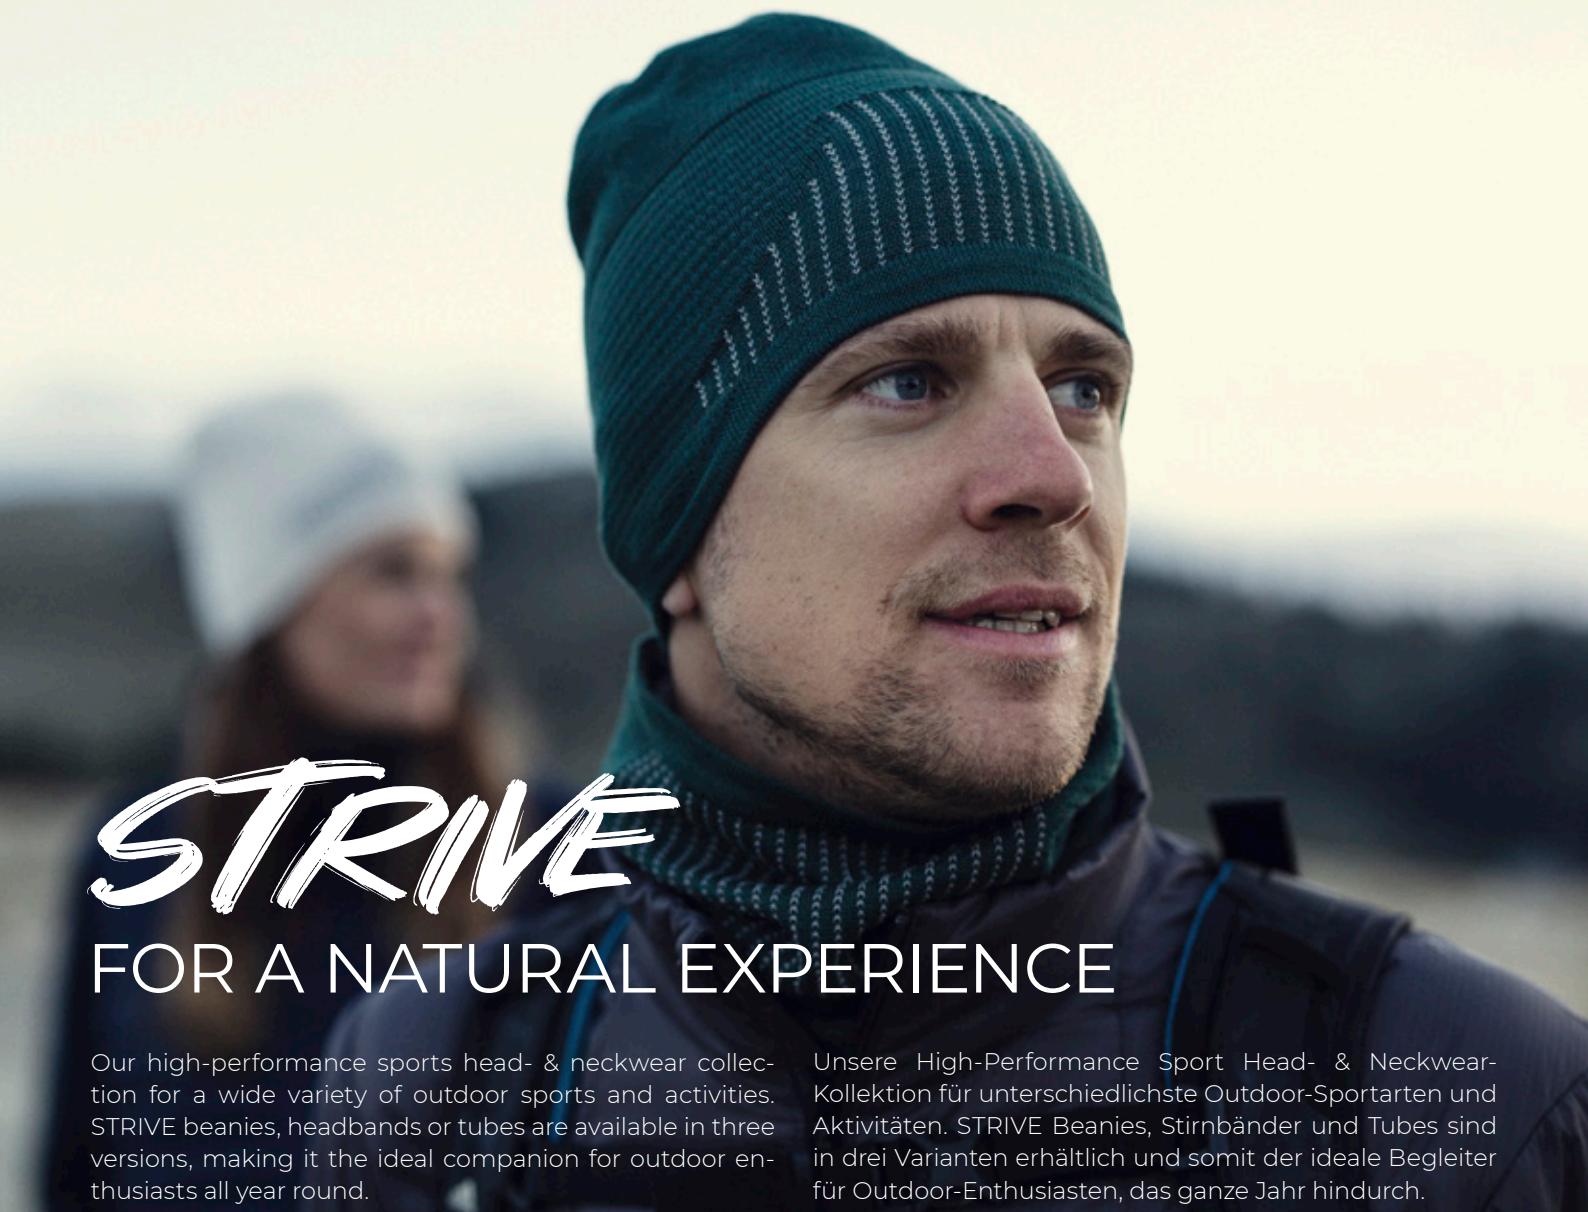

OUT OF LOVE FOR SPORT, WE SUPPORT ATHLETES AND EXCITING PROJECTS:

With the sustainable Rakchham Beanie – produced in Austria – we support a special project of bouldering legend **Bernd Zangerl**: to open the community of Rakchham in the Indian Himalayas and its unique mountain world to a broader climbing public while at the same time minimizing the ecological and social impact on the region.

Mit der nachhaltigen Rakchham Beanie – in Österreich produziert – unterstützen wir ein Herzensprojekt von Bouldering-Legende **Bernd Zangerl**: die Gemeinde Rakchham im indischen Himalaya Gebirge und seine einzigartige Bergwelt einem breiteren Kletterpublikum zu öffnen und gleichzeitig die ökologischen und sozialen Auswirkungen auf die Region zu minimieren.

The polar bear: its natural habitat is snow & ice and the sea – why shouldn't that also apply to the Eisbär brand? We support **Michael Guggenberger**'s latest project: the 'Golden Globe Race'. Sailing like back in the days, without technical aids, alone and non-stop for 30,000 miles at sea. Captain Gugg started his journey on September 4th, 2022. We expect his arrival in April 2023.

Der Eisbär: sein natürliches Habitat sind Schnee & Eis und das Meer – warum soll das nicht auch für die Marke Eisbär gelten. Wir unterstützen **Michael Guggenbergers** neuestes Projekt: das „Golden Globe Race“. Segeln wie damals, ohne technische Hilfsmittel, alleine und nonstop für 30.000 Meilen auf See. Am 4. September 2022 hat Captain Gugg seine Reise gestartet. Seine Ankunft erwarten wir im April 2023.

STRIVE

FOR A NATURAL EXPERIENCE

Our high-performance sports head- & neckwear collection for a wide variety of outdoor sports and activities. STRIVE beanies, headbands or tubes are available in three versions, making it the ideal companion for outdoor enthusiasts all year round.

Together with a team of experts and renowned research institutes, we developed and tested the STRIVE product concept over a two-year development period. A worldwide innovation in terms of the use of purely natural materials with the aspiration for maximum functionality in combination with the most modern production processes in knitwear. **100 % plastic free. Made in Austria. Patented.**

3D ACTIVE KNIT – an in-house development by Eisbär:

At the core of the technology is the combination of purely natural materials and their connection through a special 3D knitting pattern with adapted structures in defined temperature zones for the best possible functionality and maximum wearing comfort. For this purpose, the best natural yarns that complement each other perfectly in terms of their properties, are selected.

HEAD MAPPING SYSTEM: inspired by the body mapping principle, a proprietary head mapping system for examining head- and neckwear was developed and applied for the first time during product development. It revealed defined temperature zones that produce the most heat or are particularly susceptible to cold.

STRIVE products are designed to respond to these individual needs of different areas, cooling or warming where it is needed and thus maintaining the ideal body temperature.

Unsere High-Performance Sport Head- & Neckwear-Kollektion für unterschiedlichste Outdoor-Sportarten und Aktivitäten. STRIVE Beanies, Stirnbänder und Tubes sind in drei Varianten erhältlich und somit der ideale Begleiter für Outdoor-Enthusiasten, das ganze Jahr hindurch.

Gemeinsam mit einem Team von Experten und renommierten Forschungsinstituten haben wir in zwei Jahren Entwicklungszeit das STRIVE Produktkonzept entwickelt und getestet. Eine weltweite Innovation in Bezug auf den Einsatz von rein natürlichen Materialien mit dem Anspruch auf höchste Funktionalität in Kombination mit den modernsten Produktionsverfahren im Strick.

100 % plastikfrei. Made in Austria. Patentierte.

3D ACTIVE KNIT – eine Eigenentwicklung von Eisbär:

Kern der Technologie ist die Kombination von rein natürlichen Materialien und ihre Verbindung durch ein spezielles 3D-Strickmuster mit angepassten Strukturen in definierten Temperatur-Zonen für bestmögliche Funktionalität und höchsten Tragekomfort. Dafür werden aus den besten natürlichen Garnen, jene ausgewählt, die sich im Zusammenspiel ihrer Eigenschaften perfekt ergänzen.

HEAD MAPPING SYSTEM: bei der Produktentwicklung wurde – vom Body Mapping Prinzip inspiriert – zum ersten Mal das System für Head- und Neckwear untersucht und angewandt. Dieses deckte definierte Temperatur-Zonen auf, die am meisten Hitze produzieren oder besonders anfällig für Kälte sind.

STRIVE-Produkte sind so konstruiert, dass sie auf die individuellen Bedürfnisse der verschiedenen Bereiche eingehen, sie kühlen oder wärmen dort, wo es erforderlich ist und halten so die ideale Körpertemperatur aufrecht.

NATURAL PERFORMANCE

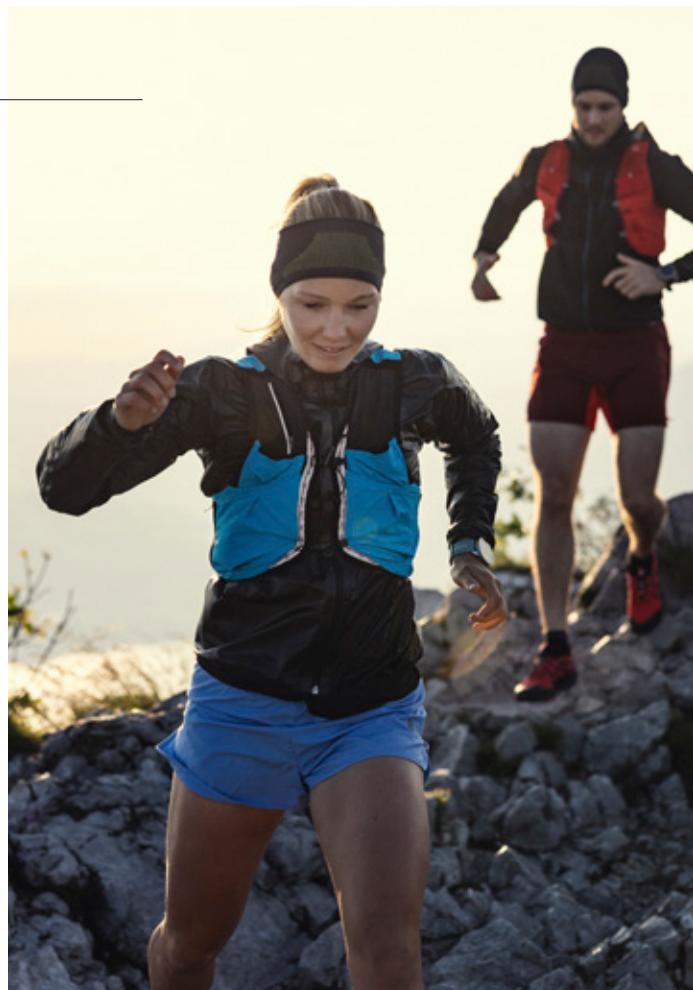

100 % natural and renewable raw materials:

After a process of elimination based on scientific performance and sustainability criteria, three natural fibers remained, which, when combined, offer an unrivaled range of performance in terms of thermoregulation and moisture management.

- Certified extra fine Merino wool (from sustainable animal breeding, no mulesing)
- SkinDry Micro Modal (basic material consists of 100 % beech wood)
- SolucellAir™ (cotton production based on BetterCottonInitiative criteria)

Natural properties for optimal performance:

- optimal thermoregulation
- high-performance moisture management
- fast drying
- pleasant to wear

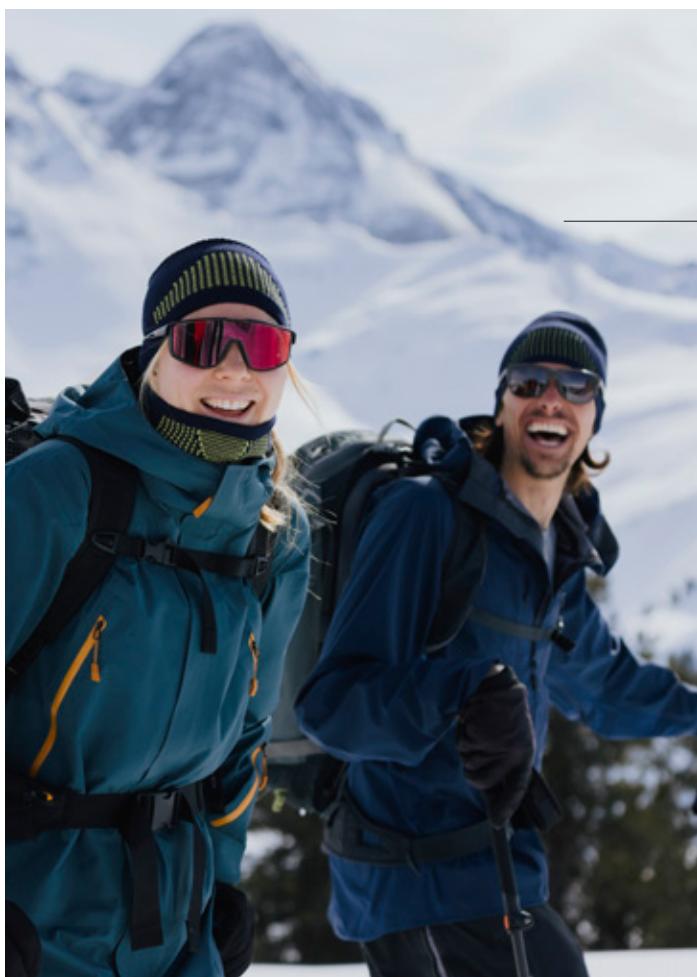

100 % natürliche und nachwachsende Rohstoffe:

Nach einem Eliminierungsprozess nach wissenschaftlichen Performance- und Nachhaltigkeitskriterien blieben drei Naturfasern übrig, die in Kombination ein unübertroffenes Leistungsspektrum in Bezug auf Thermoregulation und Feuchtigkeitsmanagement bieten.

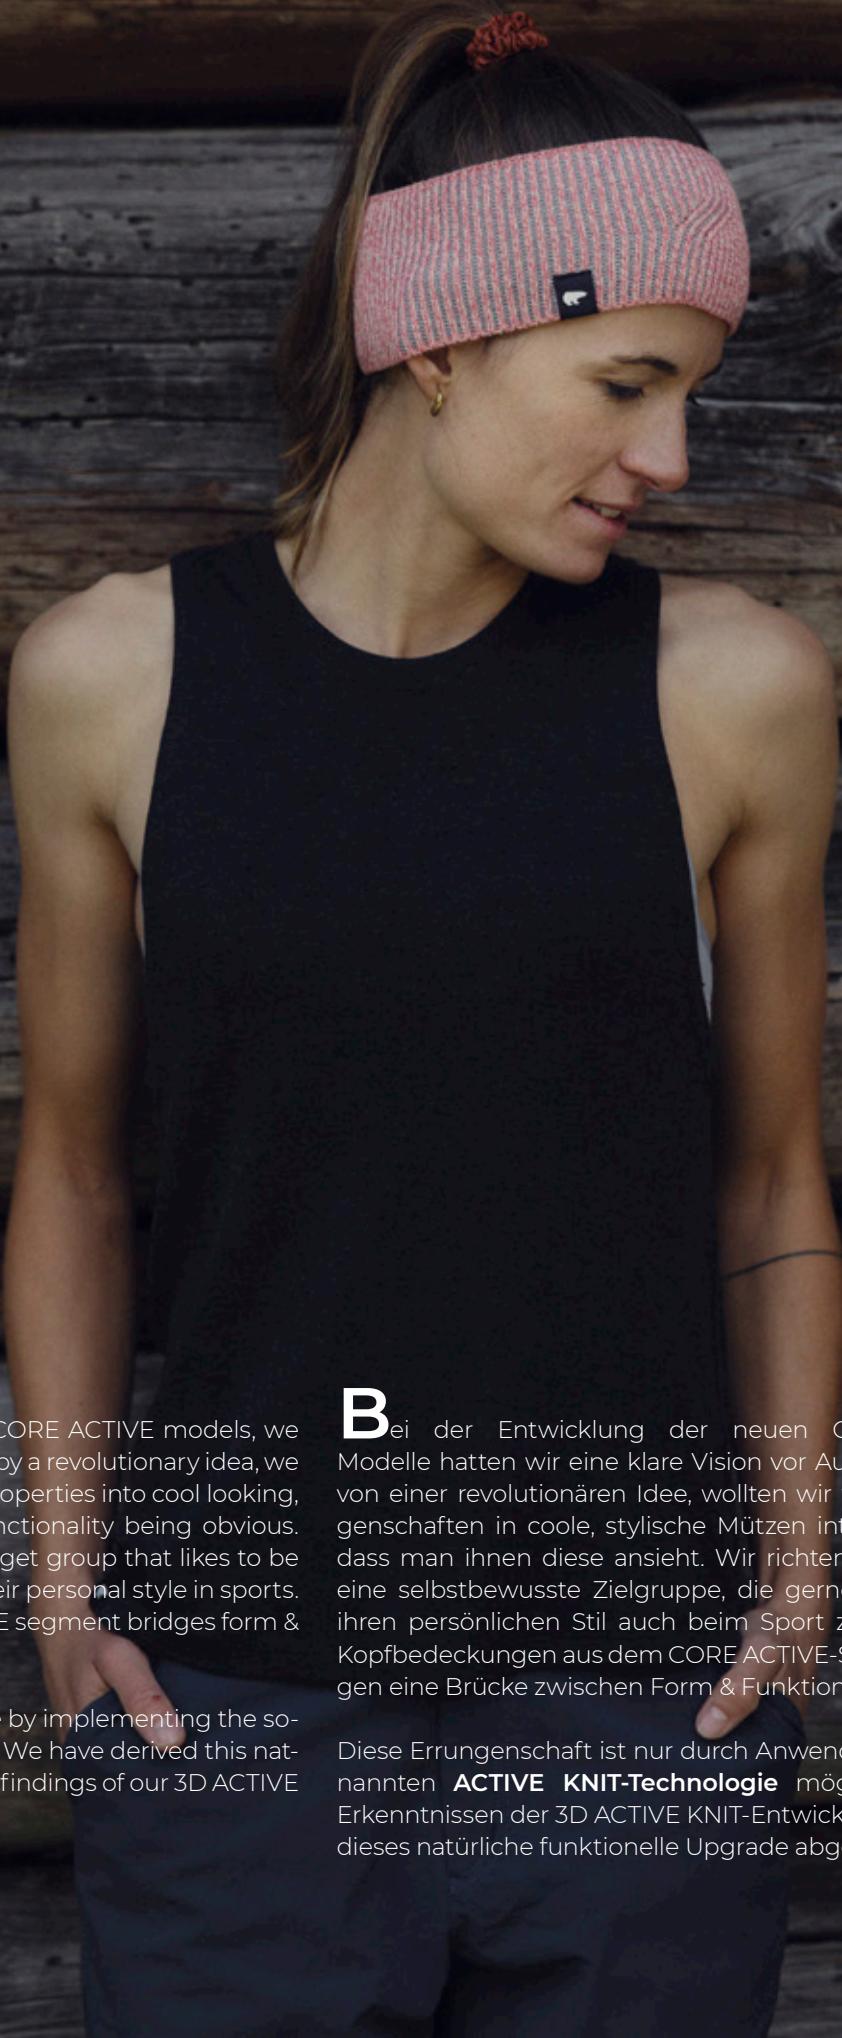

- zertifizierte extra feine Merino Schurwolle (aus nachhaltiger Tierzucht, kein Mulesing)
- SkinDry Micro Modal (Grundmaterial besteht zu 100 % aus Buchenholz)
- SolucellAir™ (Baumwollproduktion nach Kriterien der BetterCottonInitiative)

Naturbasierende Funktionalität für optimale Performance:

- bestmögliche Thermoregulation
- high-performance Feuchtigkeitsmanagement
- schnell trocknend
- angenehmes Tragegefühl

NATURAL BOOSTER

When developing the new CORE ACTIVE models, we had a clear vision in mind: driven by a revolutionary idea, we wanted to integrate functional properties into cool looking, stylish headwear, without its functionality being obvious. We are aiming at a confident target group that likes to be active and also wants to show their personal style in sports. Headwear from the CORE ACTIVE segment bridges form & function like never before.

This achievement is only possible by implementing the so-called **ACTIVE KNIT technology**. We have derived this natural functional upgrade from the findings of our 3D ACTIVE KNIT development.

Bei der Entwicklung der neuen CORE ACTIVE-Modelle hatten wir eine klare Vision vor Augen: getrieben von einer revolutionären Idee, wollten wir funktionelle Eigenschaften in coole, stylische Mützen integrieren, ohne dass man ihnen diese ansieht. Wir richten uns damit an eine selbstbewusste Zielgruppe, die gerne aktiv ist und ihren persönlichen Stil auch beim Sport zeigen möchte. Kopfbedeckungen aus dem CORE ACTIVE-Segment schlagen eine Brücke zwischen Form & Funktion, wie nie zuvor.

Diese Errungenschaft ist nur durch Anwendung der sogenannten **ACTIVE KNIT-Technologie** möglich. Aus den Erkenntnissen der 3D ACTIVE KNIT-Entwicklung haben wir dieses natürliche funktionelle Upgrade abgeleitet.

The special knitting pattern on the inside in the contrasting color of the Micro Modal fiber is typical of an ACTIVE KNIT product. In some models, the Micro Modal is integrated directly into the yarn.

Typisch für ein ACTIVE KNIT Produkt ist das spezielle Strickmuster an der Innenseite in der Kontrastfarbe der Micro Modal-Faser. Bei einigen Modellen ist das Micro Modal im Garn direkt eingebunden.

A brief explanation of how it works: The purely natural SkinDryMicro Modal, which is made from 100 % beech wood, provides the properties for better moisture absorption and faster drying. Even under high physical effort, the fabric feels dry on the skin.

Our ACTIVE KNIT is only used for models made of sustainable materials – such as Tweed, Mouline and Rewoolive. 'Show your individuality' is our aspiration in terms of product design, and we pay particular attention to look & feel, ecological attitude and fit.

Die Funktionsweise kurz erklärt: Das rein natürliche SkinDry Micro Modal, welches aus 100 % Buchenholz gewonnen wird, liefert die Eigenschaften für eine bessere Feuchtigkeitsaufnahme und schnellere Trocknung. Das sorgt für ein anhaltendes angenehmes trockenes Tragegefühl – selbst bei hoher körperlicher Anstrengung.

Unser ACTIVE KNIT kommt ausschließlich bei Modellen aus nachhaltigen Materialien zum Einsatz – wie Tweed, Mouline und Rewoolive. „Zeige deine Individualität“ ist unser Anspruch im Produktdesign, dabei legen wir besonders Augenmerk auf Look & Feel, ökologische Grundhaltung und Passform.

*You will find the functional and sustainable ACTIVE KNIT styles in the new CORE ACTIVE segment (page 42).
Die funktionellen und nachhaltigen ACTIVE KNIT Styles findest du im neuen Segment CORE ACTIVE (Seite 42).*

MERINO

100 % committed to sustainability without compromising function and style.
Natural high-tech fiber with outstanding characteristics and features.

- 100 % certified supreme extra fine Merino wool (WV)
- from organically farmed livestock (KBT, no-mulesing)
- chlorine-free treatment (EXP)
- sustainable dyeing process
- 100 % zertifizierte extra feine Merino-Schurwolle
- biologisch geführte Tierhaltung (KBT, kein Mulesing)
- chlorfreie Behandlung (EXP)
- nachhaltiger Färbeprozess

CASHMERE

Feel the touch of luxury without bad conscience. High-quality and sustainable cashmere wool with a high recycled content.

- 75 % GRS-certified recycled cashmere (WS)
- 22 % cashmere
- 3 % GRS-certified recycled wool (WO)
- 75 % GRS-zertifiziertes recyceltes Kaschmir (WS)
- 22 % Kaschmir
- 3 % GRS-zertifizierte recycelte Wolle (WO)

REWOOLIVE

An easy care and truly 100 % eco-sustainable yarn.
Experience the properties of Merino wool combined with recycled PET.

- 55 % RWS non-mulesed, shrink resistant, extra-fine Merino wool (WV)
- 45 % GRS recycled polyester (PL) = from 100 % post-consumer bottles (PET)
- no harmful or irritant chemicals used
- 55 % schrumpffeste feine Merino-Schurwolle, kein Mulesing (RWS)
- 45 % recyceltes Polyester (GRS) = aus 100 % Altplastikflaschen (PET)
- es wurden keine chemischen oder reizenden Chemikalien verwendet

MOULINE

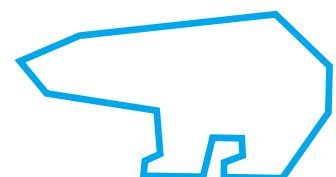

Sporty lifestyle with an ecological attitude.

- sustainable yarn made of wool and recycled polyamide
- multicolored twisted yarn with textural surface
- nachhaltiges Garn aus Wolle und recyceltem Polyamid
- mehrfarbiges Zwirn mit strukturierter Oberfläche

TWEED

The look of environmental awareness.

- sustainable yarn made of wool, recycled wool and recycled polyamide
- authentically crafted heritage surface
- nachhaltiges Garn aus Wolle, recycelter Wolle und recyceltem Polyamid
- authentisch verarbeitete Heritage-Oberfläche

SUSTAINABLE MATERIALS

BLUE BEAR
PRODUCT OVERVIEW
page 137

As part of our Blue Bear Initiative, it is our aim to continuously make the entire production chain of an Eisbär product more and more environmentally friendly. Above all, this also includes the coloring process for the source material.

For the new Merino model Mino, we have opted for 100 % organic (no mulesing) and purely naturally treated and dyed wool:

- without toxic additives and chemicals
- 100 % biodegradable
- a 100 % natural coloring technique

This is an important step in protecting the environment and in the fight against global water pollution, to which the textile industry contributes significantly. Above all, the dyeing process and the direct discharge of the resulting waste water into the rivers are responsible for this in many producing countries.

This is ruled out by the Natural Dye coloring process. The natural dyes are based on plants, some of which have been transferred from centuries-old practice to a modern ecological refinement process. These are exclusively renewable resources that have been selected for their sustainability and occurrence.

The Natural Dye model Mino represents an ecological mindset and extraordinary coloration.

100% natural. 100% plastic free. Made in Austria.

Unser Bestreben im Rahmen der Blue Bear Initiative ist es, die gesamte Produktionskette eines Eisbär Produktes sukzessive immer umweltschonender zu gestalten. Dazu gehört vor allem auch der Färbeprozess beim Ausgangsmaterial.

Wir haben uns beim neuen Merino-Modell Mino für 100 % biologische (kein Mulesing) und ganzheitlich rein natürlich behandelte und gefärbte Wolle entschieden:

- ohne toxische Zusatzstoffe und Chemikalien
- 100 % biologisch abbaubar
- eine 100 % natürliche Färbetechnik

Das ist ein wichtiger Schritt zur Schonung der Umwelt und im Kampf gegen die globale Wasserverschmutzung, zu der die Textilindustrie maßgeblich beiträgt. Vor allem der Färbeprozess und die direkte Ableitung der daraus entstehenden Abwässer in die Flüsse sind dafür in vielen produzierenden Ländern verantwortlich.

Das wird durch den Natural Dye-Färbeprozess ausgeschlossen. Die natürlichen Farbstoffe basieren auf Pflanzen, die zum Teil aus Jahrhunderten alter Praxis in ein modernes ökologisches Veredelungsverfahren transferiert wurden. Es handelt sich dabei ausschließlich um nachwachsende Ressourcen, die nach ihrer Nachhaltigkeit und ihrem Vorkommen ausgewählt wurden.

Das Natural Dye-Modell Mino steht für einen ökologischen Mindset und außergewöhnliche Farbgebung.

100 % Natur. 100 % plastikfrei. Made in Austria.

>>

Our Merino models use rhubarb, madder (Rubia), logwood tree, chestnut and Indian wood.
The image is a symbolic image. The plant genus does not necessarily correspond to the specific species used in the dyeing process.

A woman with long, wavy, reddish-brown hair is wearing a tan ribbed beanie and a tan double-breasted coat. She is holding a large bunch of fresh chard leaves in front of her chest. The chard has vibrant green leaves with prominent red veins and thick, red, ribbed stems. The background is a neutral, light brown.

FASCINATING COLORS
