BRAND HISTORY

1888

A FAMILY BUSINESS

Seraphin Bollé created the brand Bollé; known at this time as one of the first company to use newly developed celluloid, which becomes the basis for Bollé products during those early decades.

1960

SKI GOGGLES

Ski goggles were first marketed by Bollé.

2015

CYCLING HELMETS

Launch of the cycling helmets line.

2018

PHANTOM

Launch of the best sport lens ever.

2023

AVIO

Highest performance road cycling helmet.

1936

SUNGLASSES

The brand launches its first sunglasses and becomes quickly the pioneer of molded Nylon.

2007

SKI HELMETS

Launch of the first line of ski helmets. A front-line player in the winter sports landscape.

2021

VOLT

A revolutionary high-contrast lens.

2021 - 2024

REACT FOR GOOD

Launch of a full eco-designed cycling range.

LENS SEGMENTATION

3 LEVELS OF PERFORMANCE

PHANTOM
LIGHT ADAPTIVE LENS TECHNOLOGY

PHOTOCHROMIC

ADAPTATION IS KEY WITH THE HIGHEST PERFORMANCE LENS ON THE MARKET

Searching for a competitive advantage, superior protection, or an extraordinary visual experience? We thought so. That's why we created Phantom, Bollé's first photochromic lens with phenomenal optical clarity.

VOLT
HIGH CONTRAST ENHANCED COLOUR

HIGH CONTRAST

EXPERIENCE THE POWER OF COLOUR WITH AN EXCEPTIONAL HIGH CONTRAST FILTER

To see colours like never before, you need to test colours like never before. Which is why Bollé used artificial intelligence to evaluate over 20 million colour enhancement possibilities. In the end, only one formula provided an incomparable colour experience and it's so unique, it is patented. It's called Volt and it now establishes a whole new standard for high contrast lenses.

SUPERIOR LIGHT FILTER

ESSENTIAL

EXCELLENT VISIBILITY WITH 100% UV PROTECTION

A standard polycarbonate lens, for excellent visibility and protection.

Available in photochromic option

Block light reflections for even more eye comfort

CAT.4

SUPERIOR LIGHT FILTER
RECYCLED POLYCARBONATE
WITH POLARIZED & PHOTOCROMIC OPTION

PLATINUM

A true reference in the world of eye protection, Bollé Safety offers protective glasses trusted by professional workers in demanding industries like automotive, construction, mining, or pharmaceutical. Platinum represents the highest level of expertise in anti fog and anti scratch protection.

With **Phantom**, Bollé brings this expertise to everyone. A perfect protection with a more performing anti fog and an anti scratch that last 40% more than the standard.

LIGHTWEIGHT

NXT[™] material is close to the lightest lens material available today, at 14% lighter than polycarbonate. This allows for larger designs with fuller coverage, ultimate protection and utmost comfort.

AVAILABLE IN PRESCRIPTION

Because everyone's vision is unique, Phantom lenses are available on our RX-able frames, suitable for 99% of prescriptions.

HIGH IMPACT RESISTANCE

NXT[™] lenses not only protect you 100% from harmful UV rays, but are also built for maximum impact resistance. NXT[™] is one of the strongest materials on the market. Originally adapted from military use - jet canopies and helicopter windshields - lenses are subjected to rigorous high-velocity impact tests.

OPTICAL CLARITY

Made with NXT[™] material, Phantom lenses raise the optical clarity of our lenses to a new level. NXT[™] material is packed with a lot of features such as optimal clarity, lightweight, high impact resistance, chemical resistance, and of course 100% UV protection. Ideal for a sport use, Phantom lenses will offer maximum protection & comfort of vision for your eyes.

PHOTOCHROMIC PERFORMANCE

Phantom lens technology adapts to any light condition, ensuring precise visual acuity whatever the weather. The lens tint changes with the light from cat.0 to cat.3. Enhanced vision whatever the conditions.

HIGH CONTRAST

Bollé has advanced the performance of Phantom lens technology by adding a high contrast filter on its lenses. Available on all Phantom lenses, the high contrast filter boosts colors and significantly enhance your vision. Whether you are on the road or on trails, high contrast lenses will help you perceive the obstacles.

DISCOVER THE KEY VISUAL

DISCOVER THE TECHNOLOGY VIDEO

THE FIRST LENS EVER DEVELOPED WITH ARTIFICIAL INTELLIGENCE.

1. Find out which wavelengths to enhance or dampen
2. Design and develop the chemical compounds (pigments) that will absorb the right wavelengths
3. Put together the perfect blend of pigments for the transmission curve we want to achieve

20 MILLION COMBINATIONS EVALUATED, 1 UNIQUE FORMULA.

THE ULTIMATE IN HIGH CONTRAST

Volt lenses are now made of 60% bio-sourced polycarbonate.

FRAME TECHNOLOGY

Wearing Bollé's ultimate lenses is key to enhancing your vision of the world, yet it is not enough. At Bollé we give extra attention to details and technology while creating our frames, in order to ensure you get the most comfortable and reliable eyewear for your active life.

(ADJUSTABILITY + FIT + GRIP)

LIGHTWEIGHT

=

PERFECT COMFORT

ADJUSTABLE TEMPLES

The temples can be adjusted which offers a truly tailored fit and the ultimate in comfort.

S-FIT SIGNATURE TEMPLES

For a pro cyclist, having the strap of your helmet going over the temple of your sunglasses is a real fashion faux-pas. That is why we created that distinctive curved design on our sunglasses temples to make sure that mistake never happens. In addition, it loosens the strain in the temple making it more flexible at the rear and providing better comfort and stability while keeping it steady on your face.

REMOVABLE SIDE-SHIELDS

For high-altitude adventures, our mountain frames come with side-shields for the ultimate solar protection.

NYLON AND ECO-NYLON FRAMES

Bollé uses only the finest grade nylon, resulting in frames that are exceedingly strong, yet lightweight and flexible. No matter how tough the competition, these sunglasses can take it. From SS23 onwards, all our new models are eco-designed with more than 20% recycled or bio-based materials (percentage in weight)

Product made of at least 20% recycled or bio-based materials (percentage in weight)

ADJUSTABLE NOSE PIECE

The shape and angle of the multi-plane nose piece can be adjusted to accommodate any nose bridge for a truly custom fit. The hypoallergenic and durable nose piece can be tailored for a custom fit, giving you additional control and comfort.

INTERCHANGEABLE LENSES

Bollé helps you stay on top of your game with this interchangeable lens system. By giving you the flexibility to match the lens to the condition, this system ensures optimum performance for any condition.

WATER SPORTS TECHNOLOGY

FIT-TEC TEMPLE

Bollé developed exclusive self-adaptive temples with 3-axis rotation to provide perfect fit no matter the intensity of the action.

Available on the Windchaser & the NEW multi-sports Victus Pro

FIN SHIELD TECHNOLOGY

Signature of the water sports family, the rubber fins offers maximum coverage, even on the sides.

Available on the Airfin, Airdrift and Windchaser

AIR FLOAT TECHNOLOGY

Combined with a light and floatable material, the air cap allows the frame to float horizontally, making it easy to find your sunglasses in the water.

Available on the Airfin and Airdrift

PRIME

FIT: LARGE • 4BASE 60/46/139/140

AVAILABLE TECHNOLOGIES

Available with Volt+ High Contrast Enhanced Colour Polarized Lens
Thermogrip®
TR90 Nylon Frame
Snap hinge
S-Fit temples

VOLT+

A large, angular aviator with low base curve. Don't let the looks fool you, the frame technologies leaves nothing to wish for. The Thermogrip® rubber keeps it in place during action and the lightweight design in high grade TR90 nylon makes it comfortable and flexible.

Alien

Once again, Bollé sets out to challenge the status quo with a contemporary version of one of the most iconic and disruptive models created over 30 years ago. A symbol of Bollé's rich heritage and advanced design and creativity, the new "Alien" sunglasses and goggles successfully combine the ultra sport-tech environment with a futuristic fashion appeal. Alien is equipped with Volt, the revolutionary lens developed with artificial intelligence that boosts colors and enhances contrast to rediscover life with confidence.
